44th Annual Technical Meeting Society of Engineering Science October 21 - 24, 2007

SES2007.tamu.edu

The 2007 SES Conference will be held on the Texas A&M University campus in College Station, Texas, home to the George Bush Presidential Library and Museum. Events will be held in the Earl Rudder Tower and Memorial Student Center (MSC). Other activities are being planned at the College Station Hilton Hotel and Conference Center.

Organizing Committee

Dimitris Lagoudas, Co-Chair	Lagoudas@aero.tamu.edu	Vasu Varadan	vvvesm@engr.uark.edu
Jay Humphrey, Co-Chair	jhumphrey@tamu.edu	George Voyiadjis	voyiadjis@eng.lsu.edu
Helen Reed	reed@aero.tamu.edu	Jay Walton	jay-Walton@tamu.edu
William Saric	saric@aero.tamu.edu		

Call for Symposia and Papers

The Society of Engineering Science (SES) Annual Technical Meeting provides a forum for exchanging ideas, methods, and results among researchers and educators in all fields of engineering science. Abstracts are invited for presentations on research in various fields of engineering science including theoretical and applied mechanics, physics, chemistry, mathematics, bioengineering and related scientific and engineering fields. Those interested in organizing symposia on specific topics are asked to contact one of the organizing committee members.

Deadlines

Proposals for Symposia.....	October 1, 2006
Abstract Submission.....	April 1, 2007
Accepted Abstract Notification.....	June 1, 2007
Early Registration.....	September 1, 2007
