

# The Nittany Lion Inn

Bob Smith\*

Prof

John Miller\*

Graduate Student

Behind the front desk are our most important employees the staff whose mission it is to make your stay exceptional. Every employee is a graduate of our unique Guest Pride program, designed to teach the fine art of customer service. As you begin touring our rooms, keep in mind that our professional meeting planners will be able to help you in choosing the perfect space for the event you have in mind.

With 237 luxurious, colonial-style rooms, the Inn offers comfort, peace, and quiet, yet each room is equipped with computer hook-ups, coffee-makers, hair dryers, irons and ironing boards. Singles, double-bedded and suite rooms are available, as are non-smoking and accessible rooms. Renovations completed within the last few years make the Inns rooms second to none in the region.

Need an ideal place for a cocktail party or reception? The sky lit Atrium brings the decor and atmosphere of Whiskers Courtyard indoors.

With its working fireplace, warm atmosphere, and outdoor patio, the Alumni Fireside Lounge is a Penn State and Nittany Lion Inn tradition, perfect for weddings, elegant dinners, and executive board meetings.

The Ballroom can accommodate up to 500 guests or divide into five smaller meeting rooms. Perfect for weddings, it is also flexible enough for meetings and conferences.

Warmth, beauty, and function combine to compliment your event in our delightfully appointed Faculty Staff Club. The cozy, living-room atmosphere is perfect for a reception/dinner combination of up to 100 people seated.

The Penn State Room is our most unusual and unique room, in that its walls are graced with exquisite, hand-painted historic scenes of Penn State. Feel our pride and honor as you dine or attend a meeting.

One need look no further than our dining room for the areas premier culinary experience. Our menu features Crab cakes and Certified Angus Beef, along with our world-renown Lobster Bisque, a spectacular Friday night seafood buffet, and Sunday Brunch.

Featuring a dcor and cathedral ceiling primarily constructed from Pennsylvania cherry wood, Whiskers is the perfect blend of elegance and rustic charm. An outside garden patio and full menu make Whiskers the perfect meeting space for colleagues.

After a full day attending workshops or touring the beautiful University Park campus, relieve stress by working out on fine exercise equipment or soaking in a Jacuzzi. Nittany Lion Inn guests also have access to The Penn Stater facilities, which include a lap swimming pool.

Before leaving, remember your visit with a Penn State memento from the Inn's Penn State Shop.
