

Princeton University
Andlinger Center for Energy and the Environment
Department of Mechanical and Aerospace Engineering
School of Engineering and Applied Science

The Andlinger Center for Energy and the Environment and the Department of Mechanical and Aerospace Engineering at Princeton University invite applications for a tenure-track assistant professor position in Energy Sciences and Engineering. We are especially interested in candidates in the fields of energy systems analysis and integration, energy storage technologies, and waste heat recovery. Applicants must hold a Ph.D. in Mechanical Engineering or a related field and must have a demonstrated record of outstanding research, the ability to establish an independent research program, and a commitment to teaching both undergraduates and graduate students.

The Andlinger Center for Energy and the Environment was founded in 2008 to foster interdisciplinary research and collaboration in the areas of sustainable energy, energy conservation, and environmental protection and remediation. The center encompasses faculty from a wide range of departments across the university. We seek candidates with background and skills in areas of the department but who also can build ties and collaborate with other members of the Center. More information can be found at www.princeton.edu/acee.

The School of Engineering and Applied Science at Princeton seeks faculty members who will create a climate that embraces excellence and diversity, with a demonstrated commitment to teaching and mentoring that will enhance the work of the department and attract and retain students of all races, nationalities and genders. We strongly encourage applications from members of all underrepresented groups.

Applicants should submit a curriculum vita, including a list of publications and presentations, a summary of research accomplishments and future plans, a teaching statement, and contact information for at least three references online at <http://jobs.princeton.edu>. Personal statements that summarize teaching experience and interests, leadership efforts, and contributions to diversity are encouraged.

Princeton University is an equal opportunity employer and complies with applicable EEO and affirmative action regulations. Applications will be accepted until the position is filled.
