

**Faculty Position  
Mechanical Engineering Department  
Vanderbilt University**

The Department of Mechanical Engineering at Vanderbilt University invites applications for a faculty position to begin in Fall 2012. Preference will be given to applicants at the Assistant Professor level, however applicants at higher ranks with exceptional records will also be considered. Applicants must hold a Ph.D. in Mechanical Engineering or a closely related discipline. In particular, we seek applicants in the thermal/fluid sciences with research interests in bioMEMs/nano-biotechnology or advanced energy technologies. The successful candidate will be expected to build a strong, recognized, externally-funded research program. The candidate should also have a marked interest in and talent for teaching in both the undergraduate (B.E.) and graduate (M.S. and Ph.D.) programs. Applications consisting of a cover letter, a complete curriculum vitae, statements of teaching and research interests, and the addresses of four references (include email address) should be submitted on-line at <https://academicjobsonline.org/ajo/jobs/1310>. Vanderbilt University is an Affirmative Action/Equal Opportunity Employer. Women and minorities are encouraged to apply.
