Congratulations to the Class of 2021!
Sincerely, Dr. Todd

It has been a wild ride, but I am proud of all of you for persevering through this crazy year and making it to the finish line. The challenges you have faced and overcome thus far have been extreme, and you all rose to the occasion. Your success in this environment leads me to believe that you will have no problems overcoming adversity in the future!

I will miss many of you, and hope to see you back to celebrate your accomplishments when the campus returns to normal. I also look forward to meeting the people who are important in your life when we can all shake hands again. Good luck to each of you as you start the next leg of your adventures!

Lucas

Congratulations to all Spring 2021 graduates! I know that none of you wanted part of your junior year and all of your senior year to happen the way they did, but you should be incredibly proud of yourselves for overcoming the hurdles placed in front of you because of unprecedented times. I know that I am very proud of you!

If not for the pandemic, as I write this I would be getting excited about the ESC Graduation Celebration that would be happening this afternoon. It is one of my favorite events every year since I get to meet the people who are important to you as they celebrate your accomplishments with us. I hope we can have that celebration next spring and that you will be able to come back with those who are important to you to celebrate earning your degree.

I wish you all the best in the future and I will dearly miss those of you who I have gotten to know well over the past two or three years. I know that you will do great things! Please keep in touch, come back to visit when you can, let me know how your life unfolds.

Gary
Congratulations to the Engineering Science and Mechanics Class of 2021! WE ARE very proud of you!

You are welcomed to the ranks of Penn State Alumni with a one-year free alumni association membership. Please keep ESM in the loop as you continue on with your exciting new plans by updating your professional and personal information at alumnirelations@esm.psu.edu. We can't wait to follow along in your success!

Sincerely,
Lisa Spicer
